

Name	WROUGHT IRON IN GRAZZANO VISCONTI
Location	grazzano-visconti
Description	In 1908 the Institution dedicated to Giuseppe Visconti di Modrone was founded. It was a school / workshop where they learned the art of wrought iron and wood carving. The products of that school can be seen among the decorations of the village of Grazzano Visconti, for example in the oratory of the Madonna delle Grazie, in the decoration above the well, in the gate of the castle, etc.
